- **7:22 PM – 7:42 PM Update on the Safe Streets and Sidewalks in Altadena**
 - Daniel Quintana, P.E., Senior Civil Engineer, Los Angeles County Public Works
- **7:42 PM – 8:30 PM Q&A**
- **8:30 PM Meeting end**

Your ACONA Team

- Elliot Gold
- Nina Ehlig
- Ellen Walton
- Nicholas Arnzen
- Captain Jabari Williams
- Holly Rundberg
- Carlotta Martin
- Sussy Nemer

A vertical stack of several books with colorful spines (red, orange, blue) on the left side of the slide.

District Update

March 28, 2023

Nikki Winslow, District Director
Mark Schoeman, Anderson Brule Architects

Bringing PEOPLE + IDEAS together for an Altadena
where all are learning, growing, and thriving together

Building Projects Update

Bob Lucas Branch Library

- Bob Lucas Library has received a Certificate of Compliance and is still going through the Conditional Use Permit process with LA County
- Moving forward with Construction Documents and we are currently at 50%. The project is out for cost estimating. We should be submitting to the county for building permits at the end of May.
- Watch Town Halls and review latest information on the website at www.altadenalibrary.org/next-chapter

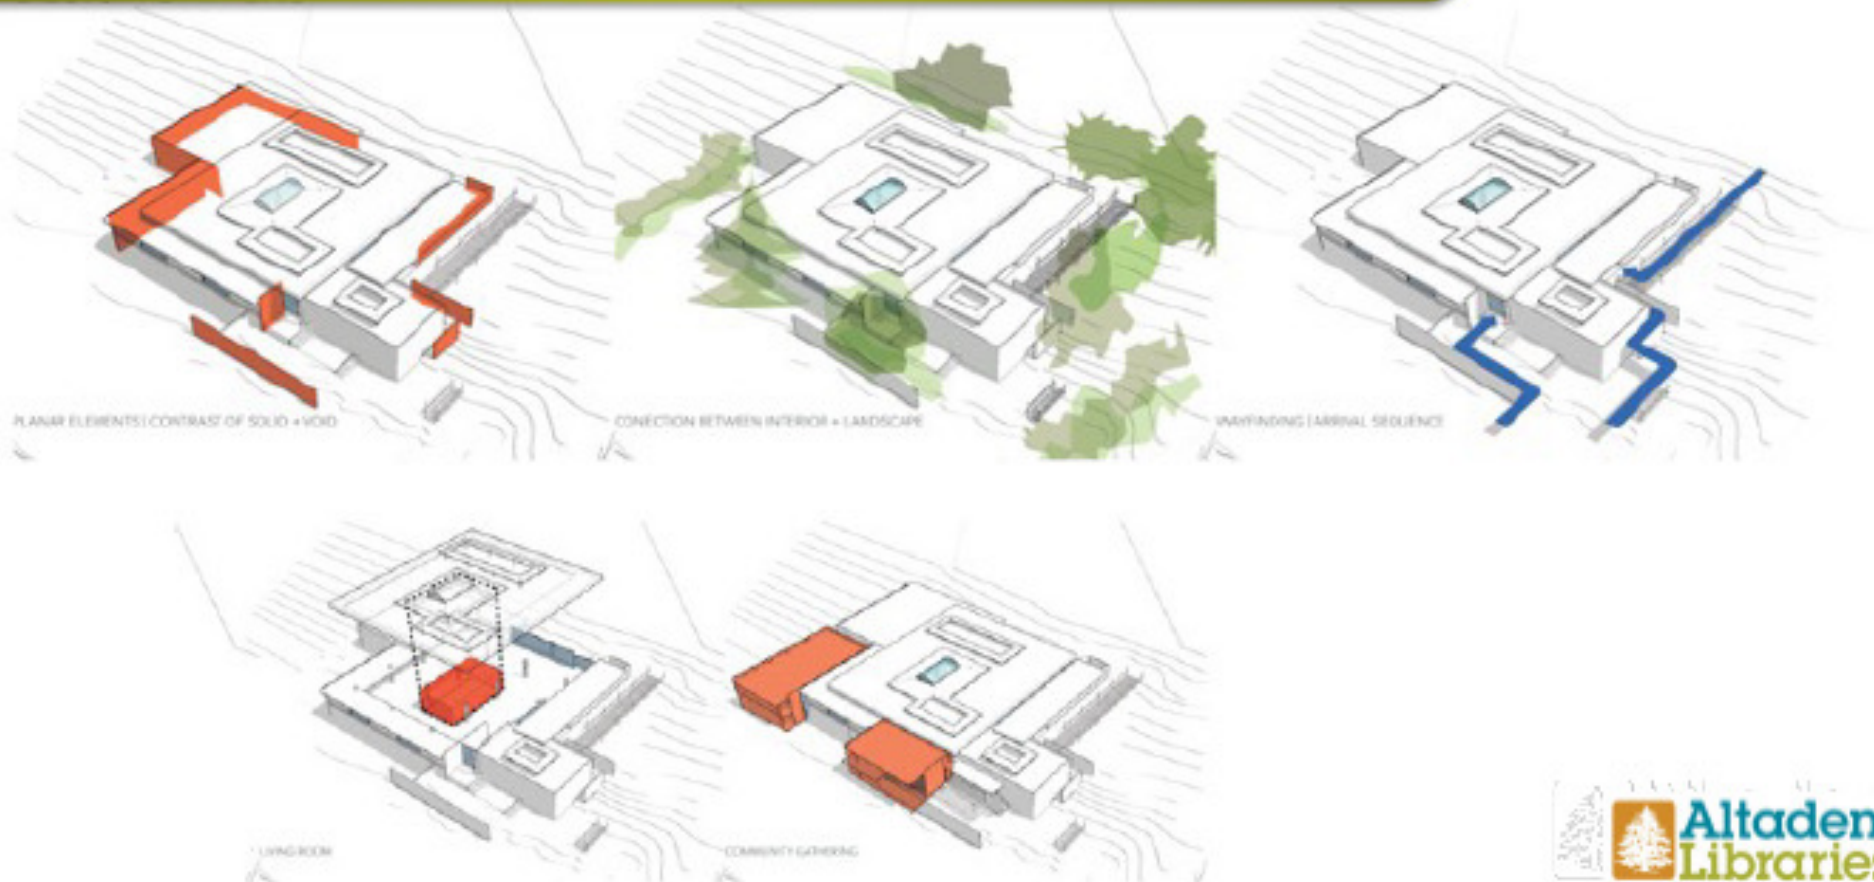

Building Projects Update

Main Library

- We had two Town Hall Meetings at the end of January
- Project is finishing up Schematic Design at the end of this month
- Conditional Use Permit is required, so we will be submitting to Planning in April.
- Watch Town Halls and review latest information on the website at www.altadenalibrary.org/next-chapter

Review of Pedestrian and Traffic Safety in Altadena

March 28, 2023

Objectives

1. Share summary of the Board Motion Report for the Altadena Safe Streets Board Motion.
2. Present and obtain input on the proposed quick-build improvements mentioned in the Board Motion Response.

Traffic Safety Updates

Study Corridors

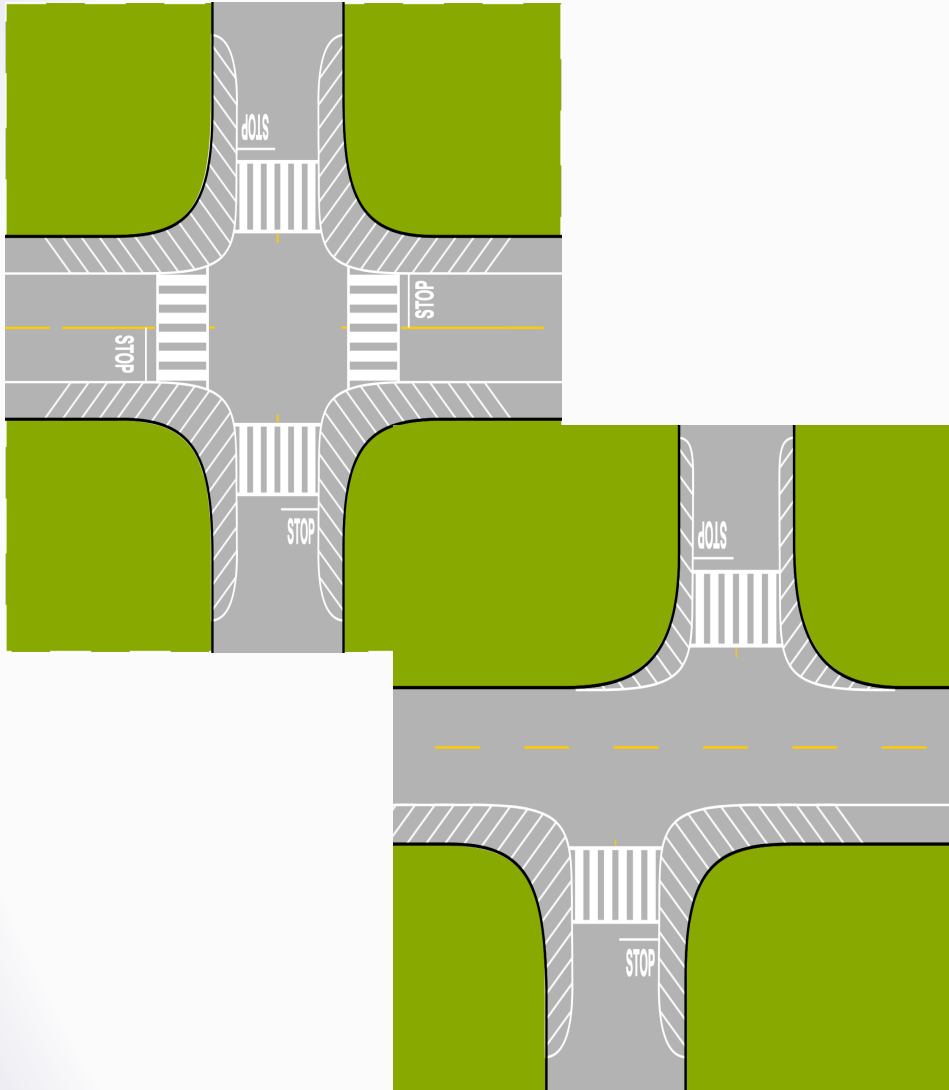

- Holliston Avenue (between Altadena Drive and New York Drive)
- Fair Oaks Avenue (between Loma Alta Drive and Altadena Drive)
- Mendocino Street (between Lake Avenue and Allen Avenue)

Traffic Safety Updates

Recommendations (Listed on Page 3 of the report)

- Installation of continental crosswalks and corresponding signage at all stop-controlled intersections along the study corridors.
- Installation of raised reflective markers along existing centerline striping.
- Installation of edge striping to guide vehicles to reinforce the separation between the travel lanes and the parking lanes/shoulder areas.
- Installation of red curb and white edge lines near intersections and around curb returns to enhance visibility.
- Installation of enhanced reflective signage and pavement markings at stop-controlled intersections.
- Sidewalk feasibility study along corridors where it is determined that edge striping is not feasible due to the width of the road.

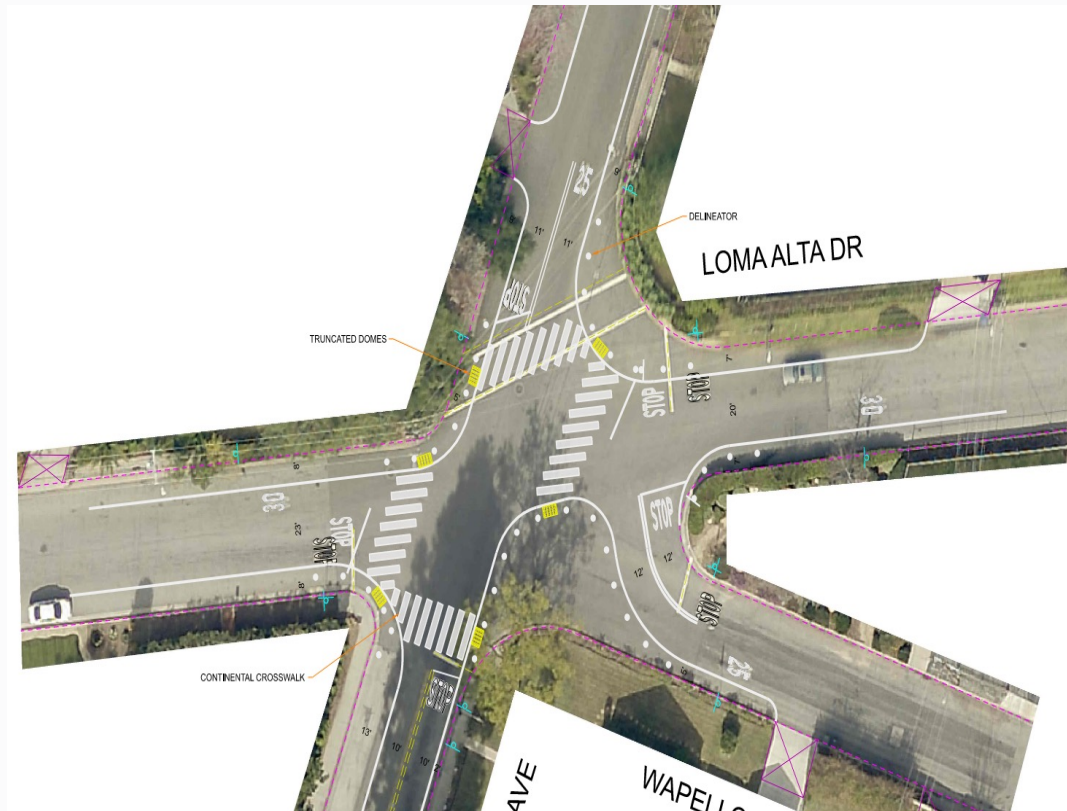

Traffic Safety Updates

Recommendations (listed on Attachment 5 of the report)

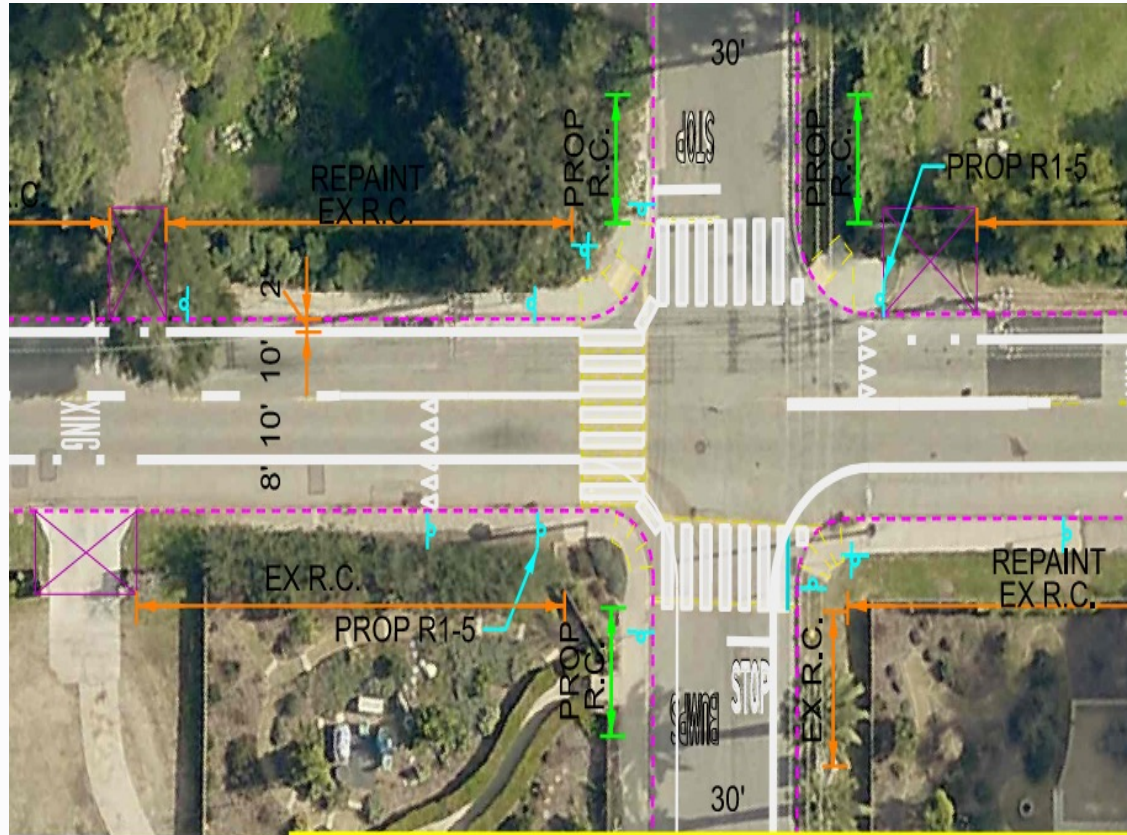

- Enhanced centerline striping w/reflective markers
- Edge line striping between travel lanes and parking lanes and/or shoulder areas
- Enhanced edge line striping w/reflective markers and hashed lines around intersections
- High visibility crosswalk treatments at all stop-controlled intersections
- Enhanced reflective treatments on stop signs and warning signs

Next Steps

Finalize the scope of the quick-build traffic safety improvements based on evaluation and feedback received.

Finalize design plans, secure funding, and coordinate implementation of the proposed quick-build improvements.

Obtain additional community input for proposed improvements for the Fair Oaks Avenue at Loma Alta Avenue intersection

Develop recommendations for additional signal improvements at the Fair Oaks and Altadena Drive intersection.
